# Springtime Soirées

From showroom celebrations to al fresco dinners, from Miami to Dallas, *Cultured* had lots to celebrate this season. We took a trip to Dallas to co-host a reception honoring artist Oliver Clegg at Erin Cluley Gallery before celebrating Maison et Objet Americas with a few of our partners: Designer Alexandra Champallimaud's new collection for The Rug Company was celebrated with an intimate fête at Soho Beach House; Christian Liaigre showcased its newest offerings at its Design District showroom; Minotti held a collection preview and intimate dinner at their Miami showroom; and Brazil's Casa Cor geared up for its debut show house in Miami next year with a glamorous gathering at Faena House Miami Beach. And, most recently, master watchmaker Michel Parmigiani of Parmigiani Fleurier was honored with a dinner at the Rubell Family Collection.
